Arrival

Please arrive at least 45 minutes prior to your scheduled appointment to allow time to rinse/shower, change and relax. With each treatment, you are invited to enjoy our Aqua Lounge, Laconium Relaxation Lounge, the Brine Inhalation-Light Therapy Lounge, herbal steam room and cedarwood sauna. Arriving late will simply limit the time for your treatment. Your treatment will end on time and the full value will be charged.

What do I wear?

We will provide you with a luxurious robe and sandals to wear while you are in the spa. Most body treatments are enjoyed without clothing. You will be given the opportunity to disrobe and your privacy will be maintained. Throughout your services, your body will be professionally draped, except for the area being worked on, to ensure privacy. We recommend you bring a swimsuit to fully enjoy the Aqua Spa Lounge and fitness clothes if your schedule/visit plans include working out. Once you leave the privacy of the tea lounge and locker areas, all areas are co-ed.

What if I have special health conditions?

Please notify your therapist if you have high blood pressure, allergies, physical ailments, any disabilities or are pregnant.

What should I do with my belongings?

A day at Spa Atlantis includes:

Aqua Spa Lounge

Ancients worshiped the “taking of the waters.” The elite have been reveling in elaborate baths for centuries. Today we now understand the health benefits associated with dramatic changes in water temperatures. Your journey begins in the soothing environment of our jacuzzi pools which combine muscle-relaxing jets and alternating warming temperatures designed to refresh tired muscles and relax the body. To complete the journey, immerse yourself in the cold water pool to invigorate the body and strengthen the immune system.
Please note: People with heart conditions and pregnant women should not use cold plunge.

Nature Experiential Shower

Completely immerse yourself into a state of well-being by creating and choosing your very own water experience. Four choreographed shower experiences take you on a highly personalized journey all your own.

Ice Fog — Stimulating scents of peppermint to balance the body, mind and spirit.

Tropical Rain — With scents of fresh citrus to invigorate the senses.

Thunderstorm — Blends of summer hay and fresh flowers to let your soul unwind.

Waterfall — Gentle flowing waters wash away all of your cares, leaving you completely relaxed.

Laconium Relaxation Lounge

Heated lounges, a heated floor and a captivating water feature soothe the spirit without taxing the body. Mild temperatures, cooler than a steam room, allow you to relax for longer periods of time. The Laconium stimulates circulation, purifies and detoxifies the body while reducing stress. The result – a feeling of freshness and deep mental and physical relaxation.

Brine Inhalation-Light Therapy Lounge

Surrounded by soothing music, a waterfall of Brine cascades, creating beautiful crystals to aid the therapeutic benefits. While resting on the heated, contoured tile bench, your senses will be stimulated, both psychologically and physiologically, by the specific colors reflecting on the crystals. The ambiance and inhalation of salt aerosols positively affect the respiratory tract to increase well-being. Experience what Europeans have appreciated for decades as the colors rotate through the spectrum.

White — Refreshing, **Blue** — Soothing, **Purple** — Healing, **Pink** — Motivating. The sublime complement to a hot stone massage.

Cardio Theater and Fitness Center

We offer a full complement of cardio and strength training equipment. Olympic athletes trained on TechnoGym® equipment for each of the 2000, 2004 and 2008 games.
